Moscow received honorable mention in recognition of visionary achievements in sustainable transport and urban mobility.

INTERNATIONAL TRANSPORT FORUM France
www.itf-oecd.org

At the summit of the International Transport Forum, an intergovernmental organisation with 59 member countries, Moscow was awarded the Transport Achievement Award in Leipzig, Germany, for its exemplary approach to improving traffic conditions, including the launch of its Unified Parking System, development of public transport, innovative ticketing system, and development of cycling infrastructure, car sharing and other initiatives. The ITF jury recognised the “impressive achievement in improving the overall traffic conditions in Moscow” and “the effectiveness of consistent, coordinated initiatives and transport policy actions that facilitated the remarkable change”.

In 2016, Moscow became the TomTom Traffic Index Parking Award winner. Historically a city renowned for appalling traffic congestion, Moscow’s drivers have benefited from the implementation of a new intelligent transport system, combined with major changes in parking policy.

★ **SUSTAINABLE TRANSPORT AWARD** USA
staward.org

Moscow was awarded an honourable mention for the reorganisation of city space, improved pedestrian environment, and the launch of the Magistral route network and the Moscow Central Circle.

In the last five years, Moscow has gone through an upgrade of its surface transport network, an extension and modernisation of its metro network, and the reconstruction and completion of the Moscow Central Circle. The Unified Parking System, launch of a cycling infrastructure, and introduction of pedestrian zones are also part of Moscow’s achievements.

UITP

The advanced parking management system established across Moscow helped reduce the time spent searching for parking by 65% and had a significant effect on reducing congestion.
